10th Grade Science and Math

Scientific Calculator

Recommended: Casio FX-115E5

11th Grade Science

Casio Scientific Calculator

Recommended: Casio FX-115E5

ACT/HIGH SCHOOL HISTORY

ACT Prep

- Notebook paper
- \$5-10 digital watch (if possible). Phones can't be used on the ACT so we will not use it in class as a watch.
- Calculator that is allowed to be used on the ACT exam. Recommend the TI-30XS Multi View. The calculator that the students use in their math class most of the time is fine, but the ACT won't allow certain powerful calculators to be used, please check or ask before purchasing a new calculator.

High School History Classes

- College Ruled Spiral Notebook
- Folder to keep notes, handouts, and quizzes/exams in. If the students already have a binder they use for other classes that will be fine if there is room for history handouts.
