

As'salaam Alaikum,

It is our distinct honor and privilege to announce Mrs. Lina Trad the new Vice Principal for Mercy School Institute. Mrs. Trad comes to us from West Field Elementary School in the Edmond Public Schools District, where she has taught 5th grade, served as a representative on the Principal's Leadership Team, led professional leadership and teacher development for Edmond Public Schools District, and served on the Edmond Public Schools District's Grant Writing Teams

Mrs. Trad completed her undergraduate studies at the University of Central Oklahoma, where she earned her B.S. degree and subsequently certified in Elementary Education grades 1-8. She completed her Master's in Educational Administration from the same institution, and subsequently certified through the Oklahoma State Department of Education for PreK-8 Elementary Principal. Edmond Public Schools Leadership identified her to be the top candidate for Elementary school position of Principal in 2021.

Lina's goal was to pursue an education in teaching so she could serve her Muslim community. She was born and raised in Lebanon, is married, and has three children. Farouk and Jawad are currently Mercy School students, and Leen is currently in 4th grade at West Field Elementary. She taught 2nd grade at Mercy School Institute for 4 years prior to leaving for public school.

Lina's remarkable trajectory in a short period led to her nomination and an opportunity to consider taking the role of Edmond Public Schools Elementary Principal next. The opportunity to serve Mercy School Institute as a leader, her love for her community, devotion to her faith, and vision for excellence in Islamic School Education compels her to come back to Mercy School Institute.

We are deeply grateful for the blessing of her willingness to lead the development of our Elementary School division as the Vice Principal of Mercy School Institute. Please join us in welcoming Mrs. Lina Trad back to Mercy School Institute.
